For over 25 years, Covers.com

has been providing our readers with in-depth sportsbook ratings.

The five core factors that go into a bookmaker's overall rating are bonuses and promotions, banking and payout speeds, key features, security and trust, and customer support.

The Covers review team also considers many other factors when evaluating each book.

This is why we take a week or so at each betting site to experience the sign-up process along with placing wagers across a wide range of sports.

We learn about the best ways to collect bonuses, withdraw winnings, and get any necessary help from the support team.
